DETAILED ACTION

1. This action is responsive to communications: Amendment, filed on 7/1/2004.
This action is final.
2. Claims 1-11 are pending in this application. Claims 1 and 7 are independent claims. In the Amendment, filed on 7/1/2004, claims 1 and 6-7 were amended.
3. This application claims foreign priority dated 6/30/2000.
4. The present title of the invention is "Method and system for displaying markup language based pages on handheld devices" as filed originally.

Claim Rejections - 35 USC § 112

5. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.
6. Claims 1-11 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

As per independent claims 1 and 7, applicant adds limitation "functional representation of the Web page". There is no support found in the specification. The section pointed in the argument (page 7, line 21-25) also does not support such limitation.

Art Unit: 2672

7. Claims 2-6 and 8-11 are rejected because they are dependent on rejected claims.

Response to Arguments

8. Applicant's arguments, see page 5, line 21-28, filed 7/1/2004, with respect to the rejection(s) of claim(s) 1 and 7 under Carter have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of subject matters not described in the specification.

Conclusion

9. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 2672

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
